FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the US Army G-1, Directorate of Personnel Management, ATTN: Scott Wood, ACQUIRE Systems Manager, 1D367, 300 Pentagon, Washington DC 20301, email to scott.e.wood3.civ@army.mil or call (730) 695-7520.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Army Recruiting Information System and Accessions Information Environment; OMB Control Number 0702-AAIE.

Needs and Uses: The required collection of information provides U.S. Army field recruiters with an automated tool to collect information on all

prospective U.S. Army, Army Reserve, Army National Guard, Army Cadet Command, U.S. Army Military Academy candidates, enlistees, officers and health profession personnel voluntarily requesting entrance into active duty. The required information collected is used to create the initial personnel record/data to prescreen perspective applicants, line officers and health professionals to determine if they meet established mandated qualifications for induction and processing into the U.S. Army. The information is also collected to process security clearances for those individuals requiring clearances for sensitive and classified positions.

Affected Public: Individuals or households.

Annual Burden Hours: 1,000,000.

Number of Respondents: 250,000.

Responses per Respondent: 1.

Annual Responses: 250,000.

Average Burden per Response: 4 hours.

Frequency: On occasion.

The respondents are recruiting applicants (accessions) which includes, civilians, veterans and cross component recruits. Other collection instruments/documents are completed by applicants and recruiters into the system of record as applicable to their recruiting and application purposes. All completed instruments of the collection reside in the system of record which has safeguards in place to protect privacy information. Both the electronic online Army Recruiting Information Support System (ARISS) and Accessions Information Environment (AIE) systems provide a comprehensive integration, interface and standardization of all programs that manage personnel resources in support of recruiting and collecting personnel private information to induct Army applicants into the U.S. Army. The current (legacy) system ARISS, will eventually be subsumed by the emergent AIE system.
